

# Wakefield Coalition AGAINST CUTS

## Wakefield District – Coalition Against Cuts

On 30th November public sector workers strike to protect their pensions. It will be the largest joint trade union action since the 1926 General Strike. This is a struggle against the race to the bottom in respect of pay, terms and conditions at work.

All workers, both public & private should enjoy decent pensions. There needs to be a fight to gain improvements for everyone. The great pensions robbery is the tip of the iceberg. Workers are also fighting back in defence of our public services, which are being savagely cut back by the Con Dem government.

Pay freezers, job cuts, service closures and privatisation are the order of the day.

With young people facing an insecure future of unemployment or casual underemployment, this is a battle for jobs we all need to support.

The Con Dem butchers also intend to hand over all public services to so called alternative providers, i.e. private profiteers.

NHS, education and the welfare state are all up for grabs. It is the greed of the richest few which has created this economic mess.

The Con Dems have no mandate, no one voted for this. Sign our petition calling for a referendum against the legalised robbery. Better still, join us in the fight back now.

Wakefield District Coalition against the cuts meets every second Tuesday, 7:30pm at Wakefield Labour Club (The Red Shed).

**Next meeting: 22<sup>nd</sup> November, 6th December.**
